

FACIAL IDENTIFICATION TRAINING (F.I.T.)

102 - Overview Course

4-Hour Course

Have you heard about Facial Identification or Facial Recognition but don't know what exactly either of them are? Are you interested in understanding what it takes to do a facial comparison?

The class will cover a high-level overview of the basic tenets of the Facial Identification Discipline. You will have the opportunity to "test" your skills with a couple of comparisons as well as interact with a skilled instructor to answer questions during the class.

FACIAL IDENTIFICATION TRAINING (F.I.T.)

103 - Introductory Course

16-Hour Course

Has your agency recently acquired a facial recognition system? Are you adjudicating candidate lists from a facial recognition system?

Created to the Facial Identification Scientific Working Group (FISWG) standard for minimum training requirement for use of a Facial Recognition system. Topics covered at a high level will include history, science & anatomy, morphological features of the face, and comparison methodologies. This class will be offered as 4-half day class and include on-line interaction to provide the student an opportunity to ask questions of our highly skilled instructors. This course consists of four sessions each with a four-hour duration.
